County of Sandoval
Thirteenth Judicial District

Kenneth and Kathleen DeHoff,
Appellants

vs.

No. D-1329-CV-2023-1382

Linda Gallegos in her role as Sandoval County Assessor
Appellee

Notification of Completion of Briefing per 1-074(O) NMRA

Pursuant to 1-074(O) NMRA Appellants notify the court that their appeal has completed briefing and is ripe for review. Appellants filed their Statement of the Issues on October 17, 2023 with the court and with Appellees and as of November 16, 2023 Appellee had not filed a response. 1-074(J)(2) NMRA allows a response by Appellees within 30 days *"the appellee's response shall be filed and served within thirty (30) days after service of the appellant's statement of issues"*. And 1-074(J)(3) NMRA clearly identifies Appellee's response to be an optional filing *"if the appellee files a response, the appellant may file a reply to the appellee's response within fifteen (15) days after service of the appellee's response"*. As a result, Appellant's statement of the issues can now be reviewed by the court.

Regarding the need for a hearing, Appellants filed on September 27 a request for hearing which was filed at the direction of the clerks that required us to provide this filing and envelopes in the event the court determines a hearing is warranted. Just to be clear, the Appellants do not at this point consider any additional hearings to be necessary because the record is complete and unambiguous.

We certify that on 11/17/2023 we did also provide this document to Appellee's legal representative
